During the previous financial year the Company had in place internal financial control systems as per the general understanding of the same by the company and was not mandatory, during the previous financial year 2014-15.

there under for the evaluation of internal financial controls. Hence, as reported by the ICAI in its "forward" to the guidance note, they have said that "A need was felt for providing appropriate guidance on the section so that the requirements and expectations of the section can be fulfilled in letter and spirit by the auditors".

Hence, the matters was unclear in the mind of the Company as well as in the minds of accounting professionals by enlarge. Only after August 25th, 2015 that the guidance note by ICAI on audit of internal financial control systems over Financial reporting was available in the market. Hence, by end of August, 2015 almost 5 months of the current financial year had passed away in ambiguity on the said matter. The time then available was not sufficient to preparing appropriate documents pertaining to internal financial control systems by us and also to get it reviewed by our statutory auditors; hence the same could not be made available by us to the statutory auditors. The same is under the process of preparation at our end.

Further, Our Companies Total revenues in the current financial year 2015-2016 is very less just amounting to only Rs. 0.33 crores, as company is in reorientation phase by discontinuing old products and developing advance products in the same overall business line. Hence, to the statutory auditors disclaimer opinion, our Board of directors (BOD) has given the above detailed explanation.

**Annexure - B to the Auditors' Report
Report on the Internal Financial Controls under Clause (i) of
Sub-section 3 of Section 143 of the Companies Act, 2013
("the Act")**

We have audited the internal financial controls over financial reporting of Company as of 31 March 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Disclaimer of Opinion

As informed to us the Company is under process of preparing documents pertaining to Internal Financial Control system and hence the same were not made available to us to enable us to determine if the Company has established adequate internal financial control over financial reporting and whether such internal financial controls were operating effectively as at March 31, 2016.

We have considered the disclaimer reported above in determining the nature, timing, and extent of audit tests applied in our audit of the Company, and the disclaimer has affected our opinion on the financial statements of the standalone Company and we have issued a qualified opinion on the financial statements.

NOTE : 1**1) SIGNIFICANT ACCOUNTING POLICIES****a) Basis for preparation of accounts :**

The financial statements are prepared under the historical cost convention and comply with the applicable Accounting Standards and the relevant provisions of the Companies Act, 2013.

b) Use of estimates :

The presentation of the Financial Statements in conformity with the Generally Accepted Accounting policies requires the management to make estimates and assumptions that affect the reported amount of Assets and Liabilities, Revenues and Expenses and disclosure of contingent liabilities. Such estimation and assumptions are based on management's evaluation of relevant facts and circumstances as on date of Financial Statements. Difference between the actual results and estimates are recognized in the period in which the results are known / materialized.

c) Revenue Recognition :

Sales are stated net of rebate and trade discount and excludes Central Sales Tax, State Value Added Tax. With regard to sale of products, income is reported when practically all risks and rewards connected with the ownership have been transferred to the buyers. This usually occurs upon dispatch, after the price has been determined.

d) Fixed Assets :

Fixed Assets are stated at cost net of Cenvat / Value Added Tax and includes amount added on revaluation, less accumulated depreciation and impairment loss if any. All costs, including financing costs till commencement of commercial production.

e) Depreciation:

Depreciation has been provided on Straight line method. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies act, 2013.

f) Inventories:

Inventories of raw materials and finished goods are valued at cost or Net Realizable Value whichever is lower. Net Realizable Value is the estimated selling price in the ordinary course of business less estimated cost of completion necessary to make the sale.

g) Impairment of Assets

An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. An impairment loss is charged to the Profit and Loss account in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

h) Taxes of Income

Current tax is determined as the amount of tax payable in respect of taxable income for the year.

Deferred tax is recognized on timing differences, being the difference between taxable incomes and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Where there is unabsorbed deprecation or carry forward losses, deferred tax assets are recognized only if there is virtual certainty of realization of such assets. Other deferred tax assets are recognized only to the extent there is reasonable certainty of realization in future. Such assets are reviewed at each Balance Sheet date to reassess realization.

i) Provisions, Contingent Liabilities and Contingent Assets:

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent Liabilities are not recognized but are disclosed in the notes. Contingent Assets are neither recognized nor disclosed in the financial statement.

j) Earning Per Share:

Basic earning per share is calculated by dividing the Net Profit After Tax for the year attributable to Equity Shareholders of the Company by the weighted average number of Equity Shares issued during the year. Diluted Earning Per Share is calculated by dividing the Net Profit attributed to the Equity Shareholders (after adjustment for diluted earnings) by average number of weighted Equity shares outstanding during the year.
